DONATION TO BHAED BENEFICIARY

On the 15th March 2020 the government announced the closure of all schools (from Kindergarten to university) in Ghana to curb the spread of Covid-19.

Students and pupils had to resort to e-learning platforms like television and online lessons for studies. There were many pupils however, who did not fully participate in the e-learning lessons due to poor supervision or lack of access to internet connectivity or basic televisions in their homes.

As part of the measures to ease restrictions, and to embrace the “new normal” the government allowed partial reopening of basic schools for only final years students on the 29th of June 2020.

Five of the BHAEDS beneficiaries are still at home due to the closure of schools, However, one of the beneficiaries Jessica Eva Hayford a Junior High School final year student in Bakatsir Methodist Basic School has reported to school to prepare and write the Basic Education Certificate Examination in September. She was presented with school materials such as stationery and exercise books to help her prepare adequately for her examination. She and the school administration expressed their gratitude to donors for making this support possible.

DONATION TO O'REILLY SENIOR HIGH SCHOOL

The executive Director of BHA, Mr. Benjamin Turkson visited O'Reilly Senior High.

O'Reilly Senior High is a government school that runs day and boarding. It is located at Okpoi-gonno In the Ledzokuku- Krowor Municipal District in the Greater Accra Region, Ghana.

The head of English Department of the school, Mrs Dora Amuna approached BHA to support them with face shields and other Personal Protective Equipment (PPEs), because it was very difficult to teach while wearing the traditional nose and face mask. As Part of BHA efforts to help in the wake of Coronavirus outbreak in Ghana, donated boxes of hand sanitizers and face shields to the English department of O'Reilly Senior High School. Other departments were also calling for support but due to limited budget BHA could not meet the requests of the other departments.

BHA hopes to support them in the immediate future.
