

Scripture Union Community Camp

Special point of interest:

SU CAMP

Scripture Union (SU) Ghana organised community camp for children in the Central and Volta Regions of Ghana between 21st to 25th December, 2020. The camp lasted for three days in the Central Region and five days in the Volta Region. This is an annual event organised by SU to bring children and young people together to teach them the word of God. The program is usually a residential program however, due to COVID'19 pandemic, this year's SU camp was non-residential. The program brought together about one hundred and fifty-five children from different communities in the Central and Volta Regions. The children were engaged in various activities such as Bible studies, time management, having quality time with families, counselling sessions as well as games and how to adhere to COVID'19 protocols to reduce the spread of the virus among others. These activities were refreshing for the children as they had the opportunity to ask questions and interact with their mentors and peers on issues on which they needed more clarification.

As CRAN uses the Christian principles in our work, giving the children the opportunity to be part of the SU camp yearly has always been a priority. CRAN will continue to support children and their families to enable them lead exemplary and godly lives in the communities and the society as a whole.
