Construction of the  
three-Unit Nursery  
block for Abompuniso  
Basic School in Tarkwa  
Nsuaem-Western  
Region

A Nursery education is the  
foundation to one's  
educational attainment.  
Thanks to our generous  
Donors, BHA has swiftly  
commenced construction of  
the Nursery.

**DEPLETED ABOMPUNISO KINDERGARTEN (NURSERY) BUILDING**

BHA with the help of Ghana Freundeskreis, kept their promise to the Abompuniso community to have a three-unit classroom block constructed as part of their primary school infrastructure. The above picture shows the Abompuniso Kindergarten(Nursey) that was severed by heavy rain storms. As a result of this disaster, pupils of the Kindergarten have been moved into a church building in a nearby village. By completing this project, a very conducive environment will be created for the pupils and there will not be any fear of an eminent disaster of a collapsed school building. It is therefore quintessential that the project is finished on time.

## ONGOING CONSTRUCTION OF ABOMPUNISO KINDERGARTEN BUILDING

BHA's main aim is to invest in the lives of the rural poor through education. The Executive Director foresaw a growing class size. He saw there was a need in maximizing space and ensuring a free flow around the classroom for children and teachers.

The need for space is paramount, as you can see the layout is big and spacious. This is because students spend a large part of the day in the classroom so it's important that it is safe and spacious enough for them to feel comfortable.

## PRAY WITHOUT CEASING

### SCRIPTURE READING: 1ST THESSALONIANS 5:17

Bishop Jonathan Ekuban

## PRAYER

Prayer connects us to God. It is our line of connection to God and it fuels up our walk with him. That is why our lord Jesus modelled for us the importance of living a prayerful life. He often withdrew to a solitary place to pray,

He prayed in public and he prayed every step of the way in his earthly journey, all because he knew the dangers of living a life disconnected from God.

Here are three dangers of not staying connected in prayer:

When we don't stay connected in prayer our spiritual fire will be quenched. The bible says in Leviticus 6: 12, "

And the fire on the altar shall be kept burning on it. It shall not be put out. And the priest shall burn wood on it every morning and lay the burnt offering in order on it and he shall burn on it the fire of the peace offerings.

As a priest of the most high God, it is your duty to keep the fire on the altar burning through a consistent prayer life. Do not cease to pray, lest you quench the fire of the spirit in your life

## PRAY WITHOUT CEASING

### SCRIPTURE READING: 1ST THESSALONIANS 5:17

When we don't stay connected in prayer we grant Satan access. Satan is given free access to our lives to wreak havoc in our life when we don't pray. Every time you enter sleep mode spiritually, you are inviting Satan to come and devour you and every good in your life. This point is confirmed in Isaiah 56:9 "

All you beasts of the field, come to devour, all you beasts in the forest." when the watchmen ( intercessors ) are not watching and praying, a green light is given to the Devil and his cohorts to destroy things

When we don't stay connected in prayer no light shines in our life. The word of God tells , in Isaiah 60:1 " Arise, shine: for your light has come! And the glory of the lord is risen upon you. "Satanic darkness engulfs your life when you stop praying : but when we pray without ceasing, the fire of God begins to lighten your life

Precious one, as believers, when we don't stay connected in prayer disaster is inevitable. Therefore, rise from your slumber and stay connected in prayer

**\*Prayer\***

Heavenly Father, revive my prayer life and restore my prayer fire in Jesus's name, Amen

## DONATION TO CAPECOAST EDS BENEFICIARIES

Education is a pillar of every country in the world. Through education, literacy levels go high and human resources are enhanced.

Blue Horizon Aid received a request from some of the Cape Coast beneficiaries that successfully gained admission into the Senior High Schools, to help purchase basic items to enhance their education apart from the government supplied ones.

The Executive Director of BHA enthused about their success didn't hesitate. He believed it was a laudable deed to do.

He strongly believes that if the student acquires basic and quality education they can compete favorably with other students from other higher learning institutions which will further help in closing the gap between the rich and the poor. Secondly, he believes the items will motivate them to learn very hard and improve their studies
