## SENYA SHS SIX-UNIT CLASSROOM BLOCK DRAWS NEARER TO A PERFECT FINISH!

The construction of the six-unit classroom block for Senya Senior High School is scheduled to come to completion by the end of July 2022.

The project which started in February 2022 has been going on smoothly without any hinderances. The project when completed will help curb issues such as, studying under trees and improve students learning. This all-important project is to help Senya SHS sort out and relive the school of the enormous number of overflowing students without classrooms. This six-unit classroom block for Senya SHS is going to

give a flexible instructional space for effective teaching and learning. School buildings can have a profound impact on both teacher and student outcomes. With respect to teachers, school facilities affect teacher recruitment, effort and commitment to the work and with respect to students, school facilities affect their mental health, behaviour, engagement, learning, and growth in educational achievement. BHA is working tirelessly to make sure this project successfully comes to a perfect finish.

**BISHOP DR JONATHAN EKUBAN**

Who are you, O great mountain? Before Zerubbabel you shall become a plain! And he shall bring forth the capstone With shouts of "Grace, grace to it!" \*Zechariah 4:7 The Lord called Zerubbabel to lead the rebuilding of the city of Jerusalem and its Temple. The whole city was in ruins and the Temple torn to the ground. This was a very daunting task for Zerubbabel and the Jews who had returned from a seventy-year captivity. The Lord described the task as a mountain.

The mountain signified anything that hindered the rebuilding of the Temple, such as active opposition to the building project, or the people's lack of drive to see the task to its completion. Zerubbabel had his mountain; we also have our mountains to overcome. It is any system or structure that stands between you and God's assignment. It could be relational, financial, physical or spiritual.. God's word indicated how the mountain had to be dealt with:

Confront the mountain.\* The interesting thing about this passage is that Zerubbabel had to speak to the mountain. When you have a mountain (an insurmountable challenge) standing before you, the natural response is to declare what is before you which is the mountain; but Zerubbabel had to declare to the mountain 'you shall become a plain!'

## OVERCOMING MOUNTAINS

“

SCRIPTURE READING:  
ZECHARIAH 4:1-10

Declare God's grace. The Lord also said that Zerubbabel 'shall bring forth the capstone with shouts of "Grace, grace to it!" The capstone is the final stone on the project. When it is placed on a building it signified the end of a project. The placing of the capstone is always accompanied with the joyful cry of the people.

God assured Zerubbabel that His grace would complete the assignment. That same God also assures us that we will also place the capstone on the project He has given us. The grace of God will give us the victory over every mountain that stands in our way.

The Lord who begins with us will also complete with us.

### PRAYER

HEAVENLY FATHER, THANK YOU THAT THE MOUNTAINS ARE BECOMING A PLAIN. YOUR GRACE IS MY VICTORY. IN JESUS' NAME, AMEN.

## BLUE HORIZON AID RESTORES HOPE TO MICHAEL DELALI DZIWORNU, A SCHOOL DROP OUT

### MICHAEL DELALI DZIWORNU'S STORY

Michael is a 15 year old boy who comes from Hohoe in the Volta Region, and lives with his mother in Klagon-Breaking Yoke Street in Spintex, Accra. Born to parents Mawuli Dziwornu, a mason in Kasoa and Victoria Dziwornu, a petty trader in Klagon.

He started schooling as every child should, but circumstances surrounding his life did not allow him to pursue formal education. He changed schools several times due to inadequate funds, switched from a private school to government schools and finally his parents could no longer afford to continue catering for his educational needs.

### TEACHING AND LEARNING MATERIALS GIVEN TO MICHAEL

Michael along the way started to experience a disturbing financial situation that caused him to develop a low self-esteem, discouragement, intense frustration and led him to finally say goodbye to the classroom. He dropped out of school and started to do menial jobs, helping people in their shops and at different places to get some money to feed himself. He was not stable at home and would always go out in search of money. He witnessed members of his extended family living lives that were not good because of the situation at home. Help came along the way through Pastor Benjamin Turkson, the CEO of Blue Horizon,

who is also his Pastor in church, to help him continue Junior High School. Michael is no longer a school drop out! He is extremely hopeful that he will realize his dreams and become a great man in the future because of the opportunity from Blue Horizon Aid. He was supported with essential educational materials, such as; exercise books, notebooks, a school uniform, shoes, socks, a bag pack, pencils, erasers, a math set, and books needed for the school curriculum. Michael is extremely grateful and promises to study very hard.

## ENACTING ON OUR INSPIRATION!

Mother Teresa was a true inspiration to millions around the world.

She was an incredible symbol of charitable work due to her selflessness and sacrifice to the most vulnerable.

Mother Teresa is known for her incredible generosity, her kind spirit, her caring heart and for her many good deeds that she conducted during her time on earth.

She devoted her life to caring for the sick and poor, and will always be remembered for having such a kind heart. She will always be a great inspiration to me. With your help, BHA is moving forward in enacting this great source of inspiration.

*"We ourselves feel that what we are doing is just a drop in the ocean. But the ocean would be less because of that missing drop." - Mother Theresa*

Join me in thanking Ghana Freundeskreis for the continuous support. Many people may feel that the good they do may seem small and pointless.

It doesn't matter how small of a good deed it is that you do, as long as you're doing that deed, it may mean the absolute world to someone! and it's going to add to the goodness and positivity in the world.

In a world filled with sadness and pain, let's bring hope together to the hopeless. Any little drop of goodness and positivity is always going to be received extremely well.

It is important that we all try to be kind, caring and generous to add to the world's positivity.
