BLUE HORIZON AID SUPPORTS SUNDAY SCHOOL PROJECT AT AMAZING GRACE BAPTIST CHURCH

Blue Horizon Aid (BHA) has extended its support towards the construction of a Sunday School block for the children of Amazing Grace Baptist Church in Accra.

As part of the initiative, Mr. Benjamin Turkson Jr, Executive Director of BHA, presented a cash donation of GHS10,000 to Rev. Samuel Asante to assist in the purchase of building materials for the project..

Mr. Benjamin Turkson Jr, Executive Director of BHA Presenting the cheque to Rev. Samuel Asante

The support forms part of Blue Horizon Aid's commitment to promoting child development, education, and community welfare through strategic partnerships with local institutions and faith-based organizations. The proposed Sunday School block is expected to provide a safe and conducive environment for the spiritual growth, learning, and development of children within the church and surrounding community.

BLOCK**

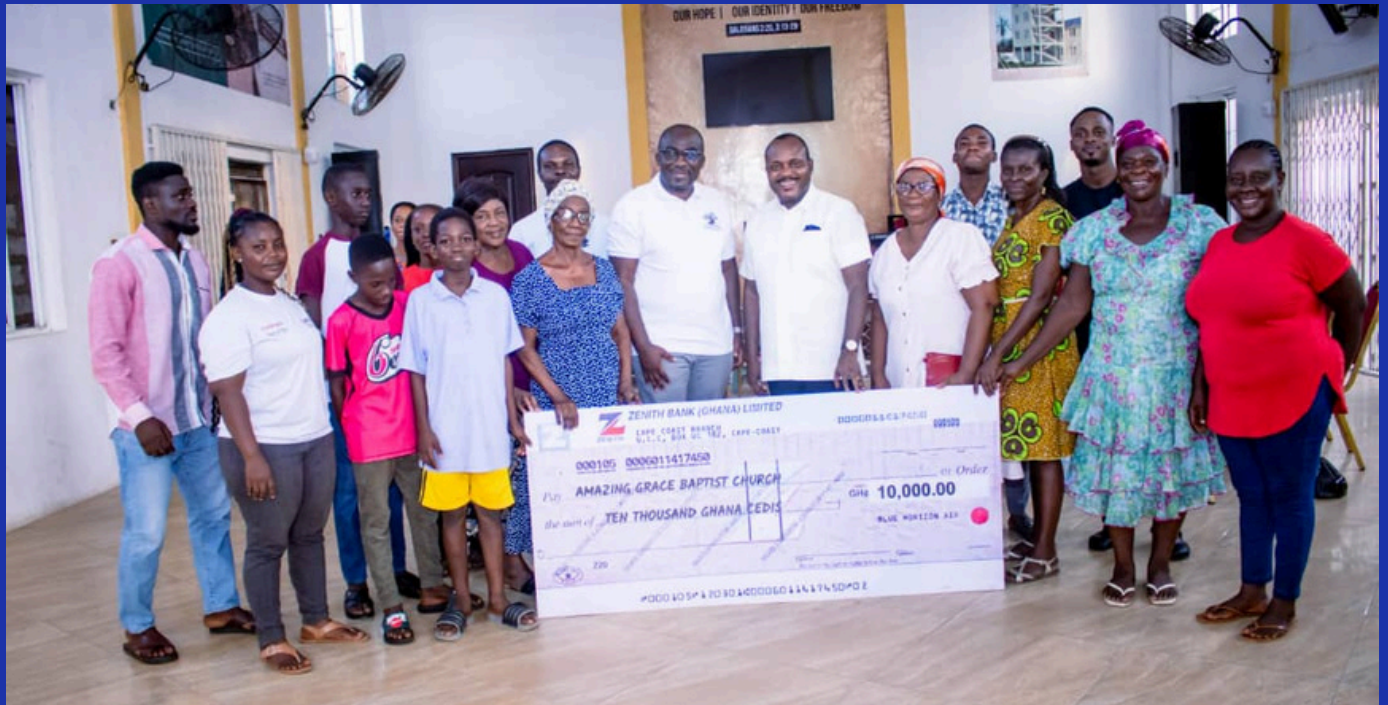

**MR. TURKSON &
REV. SAMUEL ASANTE**

During the presentation, Mr. Benjamin Turkson Jr reaffirmed the organization's dedication to supporting impactful community projects that contribute to the well-being of children and families. He noted that investing in children's development remains essential to building stronger and more responsible communities.

MR TURKSON AND ELDERS OF THE CHURCH

Receiving the donation on behalf of the church, Rev. Samuel Asante expressed sincere appreciation to Blue Horizon Aid for the generous contribution and support towards the project. He stated that the donation would go a long way in helping the church acquire the needed building materials to advance the construction works.

THE PARTNERSHIP REFLECTS THE SHARED VISION OF BOTH INSTITUTIONS TO CREATE OPPORTUNITIES THAT POSITIVELY IMPACT THE LIVES OF CHILDREN AND THE WIDER COMMUNITY.

The project was undertaken as part of the organizations' commitment to improving access to quality education and creating a conducive learning environment for children in underserved communities. Prior to the intervention, pupils of Good Shepherd Basic School faced challenges with inadequate classroom space, which affected effective teaching and learning.

The project was undertaken as part of the organizations' commitment to improving access to quality education and creating a conducive learning environment for children in underserved communities. Prior to the intervention, pupils of Good Shepherd Basic School faced challenges with inadequate classroom space, which affected effective teaching and learning.

Speaking during the ceremony, the community leaders noted that the new classroom block will significantly improve academic activities and provide a safer and more comfortable learning environment for the pupils.

Blue Horizon Aid and Ghana Freundeskreis reaffirmed their commitment to supporting vulnerable communities through sustainable educational and social development initiatives, emphasizing that investing in education remains one of the most effective ways of empowering future generations. The Executive Director of Blue Horizon Aid, Mr Benjamin Turkson Jnr pledged his continuous support for the school and promised to construct a two unit classroom block for KG1 & KG2 children

The successful completion of the project marks another important milestone in the partnership's ongoing efforts to promote community development and educational advancement in rural Ghana.

BLUE HORIZON AID CUTS SOD FOR WATER STORAGE FACILITY AT CAPE COAST TEACHING HOSPITAL

Blue Horizon Aid has officially cut sod for the commencement of a water storage facility project for the Pediatric Unit of Cape Coast Teaching Hospital.

The sod-cutting ceremony brought together hospital management, staff, community stakeholders, and representatives of Blue Horizon Aid, who all expressed optimism about the positive impact the project will have on healthcare delivery at the facility.

The initiative forms part of the organization's ongoing commitment to supporting healthcare delivery and improving essential infrastructure within health institutions across Ghana. The proposed water storage facility is expected to provide a reliable and sustainable water supply for the Pediatric Unit, thereby enhancing healthcare services and ensuring a more conducive environment for the care of children.

From Left Mr. Samuel Ben Quarshie(Executive officer) David kpo(Estate Manager) Afua Ofori Atakora.(Chief Nursing and Midwifery Officer) Francis Quansah(Estate officer)Francis Mensah Chief Plumber, Ethel Oforiwa(Business Manager) Samuel Carpenter and Kwame Chief Mason

Speaking at the ceremony, representatives of Blue Horizon Aid emphasized the importance of access to clean and reliable water in healthcare institutions, particularly within pediatric care where hygiene and uninterrupted water supply are critical to quality healthcare delivery. The organization reaffirmed its commitment to supporting projects that improve the welfare of vulnerable groups, especially children.

Management of Cape Coast Teaching Hospital expressed appreciation to Blue Horizon Aid for the timely intervention and partnership. According to hospital authorities, the project will help address challenges associated with water storage and supply within the Pediatric Unit and contribute significantly to the efficient delivery of healthcare services.
